PROFILE

- A highly motivated and results-oriented Computer Engineering student (Second Year) at Charotar University of Science and Technology, thriving in a challenging academic environment. My strong foundation in computer science principles fuels my curiosity to explore the diverse applications within the field. Particularly interested in areas like artificial intelligence-machine learning, Data Science and Web Development.
- Beyond academics, I actively seek opportunities to translate theory into practice. I recently achieved a 5-star rating and certified in Python on HackerRank for Python programming and honed my web development skills (HTML, CSS, JavaScript) through an internship at Teachnook. I'm also passionate about building personal projects to further solidify my understanding. And also currently working on my 3D portfolio using Three JS.
- As a second-year student, I'm on the brink of stepping into the professional world, and I'm filled with excitement about the opportunities that lie ahead. Eager to contribute to innovative projects and gain valuable industry experience from professionals in a real-world environment, I am actively seeking an internship opportunity.

EDUCATION

Bachelor Of Technology - B.Tech, Computer Engineering

Devang Patel Institute Of Advanced Technology And Research - CHARUSAT
CGPA : 9.4

2022 – 2026

Anand, Gujarat., India

Higher Secondary School Certificate - HSC, Science

School Of Devotion
Pr : 87.69

Jun 2020 – Apr 2022

Surendranagar, Gujrat,
India

SKILLS

C (Programming Language) | C++ | JAVA | Python | HTML, CSS | Java Script | React | Three JS |
Tailwind

AWARDS

Certificate Of Merit

CHARUSAT University

I was awarded by Certificate Of Merit for securing third rank in First semester.

2023

CERTIFICATES

Web Development

"This certificate is issued by Teachnook in collaboration with IIT Bhubaneswar for the Web Development course."

Azure AI-900

"Passed Microsoft Azure AI-900 exam, showcasing foundational AI knowledge and skills in Azure AI services, including machine learning and natural language processing."

React Js Developer

"Completed a 1-month summer internship as a React.js Developer at Sparks To Ideas in Ahmedabad. Worked on an event management site project, developing features such as event listings, user registration, and authentication using React, JavaScript, CSS, and HTML."

PROJECTS

PDF Visionary Master

Mar 2024 – Apr 2024

This project involved building a chatbot that can read and answer your questions based on a given PDF!

AI-World

Aug 2023

This project is about building a website that can help you to find a AI tool according to your need.

Harmony Events

May 2024 – Jun 2024

"Developed 'Harmony Events,' an event management site, using React during a summer internship. Implemented event listings, a gallery, and user authentication."
